

GYLON 3500 Series Technical Specifications

Product Overview

GYLON 3500 is a premium expanded PTFE gasket material designed for demanding industrial applications.

Technical Properties:

- Temperature Range: -240C to +260C (-400F to +500F)
- Pressure Rating: Up to 200 bar (2900 psi)
- Thickness Range: 0.5mm to 6.0mm
- Density: 0.7-1.0 g/cm³
- Color: White

Chemical Compatibility:

- Excellent resistance to acids, alkalis, and solvents
- Compatible with most industrial chemicals
- FDA compliant for food and pharmaceutical applications

Applications:

- Chemical processing equipment
- Pharmaceutical manufacturing
- Food and beverage industry
- Pulp and paper mills
